

Sustainable HEP - 2nd edition - Closing remarks -

Valerie Lang

(Co-organizers: Shankha Banerjee, Ayan Paul, Melissa Kathryn Quinnan, Peter Millington)

7 September 2022

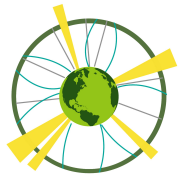

Huge thanks to all of you

You made the workshop a success!

- Thanks to all speakers for their interesting and well prepared presentations
- Thanks to all participants for their questions, and discussions, both on Zoom and on Mattermost

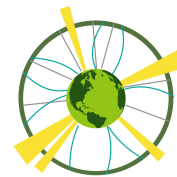

Feedback

We would like to gather some feedback regarding the workshop

- Please let us know what worked, what didn't, what could be improved → Any feedback is much appreciated

Next iteration of the workshop

Making the *Sustainable HEP* workshop a workshop series

- Important to have a place to gather the activities in the community, present studies, results, etc. and discuss the pros and cons of different approaches
- Fun to organize the workshop and learn about the different efforts that are ongoing

→ So, volunteers for the next workshop organization very welcome!
Please get in touch! → Mattermost, email, etc.

Everyone, please have a safe trip back home ;)

→ Looking forward to meeting you again at the next
edition of the workshop
