DOMA General Meeting

2022-05-25

<https://indico.cern.ch/event/1161067>

Run 3 is really starting

Stable beams at injection energy

Significant contributions from DOMA community to show readiness for Run 3

Data Challenges

Tape challenge 2022 concluded

After the challenge is before the (next) challenge

Next challenge:

"30% challenge"

Schedule 2023

Come to a preparation process in DOMA

- Agree on a proper time slot (e.g. extended technical stop after HI run 2023?)
- Define the technical targets beyond the throughput threshold (e.g. token authentication, use of packet marking, SENSE etc)
- Will dedicate one of the next DOMA general meetings to discuss the **process**
