

Why are we here?

- Free Food
- Weather
- ???

Why are we here?

- Vision
 - A sense of future information needs of our scientific users
- Tools
 - An understanding of the current landscape of information services and systems
- Collaboration
 - A concrete plan for partnering to better serve the immediate and future needs of our users

Talks

- AM Session inspired us with *visions* of where we want to be in the future
- PM session should (begin to):
 - catalog our resources
 - map our interconnectedness
 - highlight potential quick wins
 - plant seeds of ways to get where we want to go
 - *tools*

What will I be thinking about?

- ***tools:***
 - Does their stuff touch mine?
 - What impresses me?
 - Can I build on this?
- ***vision:***
 - Where does it fit in?
 - Is it useful?
 - What would make it really cool?
- ***collaboration:***
 - Can I save them work?
 - Can they save me work?
 - What could we build together?
