Panel discussion on learning goals and their assessment in physics labs

Friday 30 August 2024 09:30 (1h 30m)

A panel discussion on physics labs at all levels of education is proposed. It will address open questions on learning goals and their assessment and the interplay between those two. Two experts in the field will initiate the discussion. The workshop will end with an outlook to the future. Results of the discussion will be reported back to the community.
