

Imagining the future: Splitting participants into sub-groups around three themes, the future of: sustainability; consciousness; peace - using what we've seen from yesterday and today to extrapolate. Lunchbox included!

Tuesday 21 June 2022 11:50 (2h 30m)

Small group sessions, each focused entirely on 1 key project, and aimed at extrapolating the potential significance of the project to humanity:

- 5 years into the future
- 50 years into the future
- No boundaries! (Well, apart respecting known laws of physics)...
- Lunchbox break included!
