

LHCb collaboration
June 2022

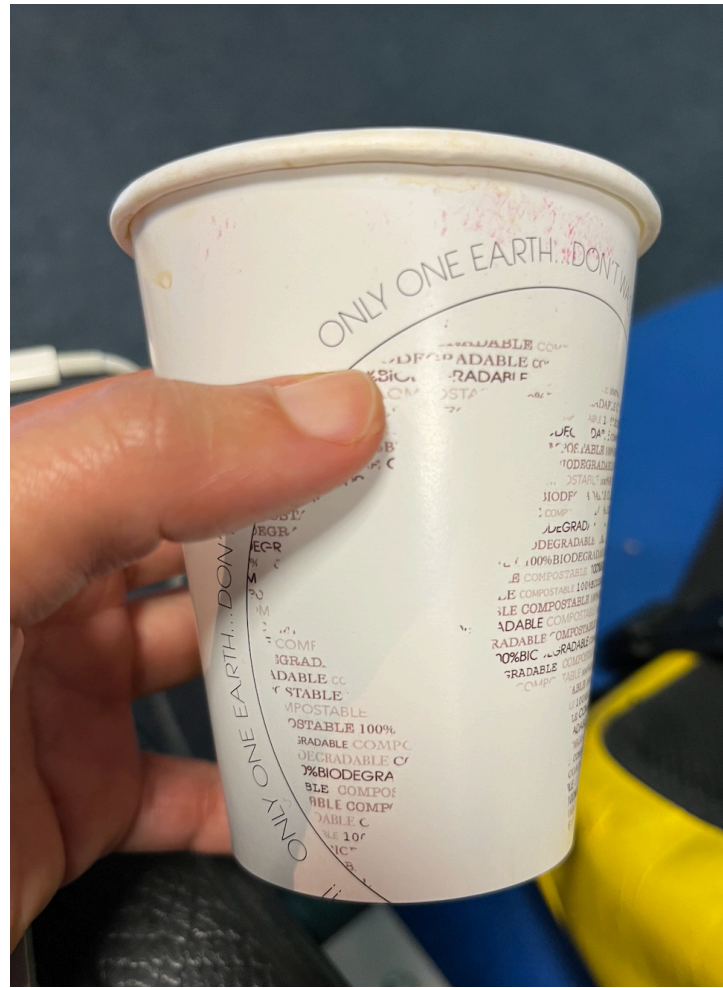

Thank you !

21.10.2022

Yasmine Amhis

Key ingredients for a good workshop

Lots of tea and coffee

Passionate discussions

A nice poster

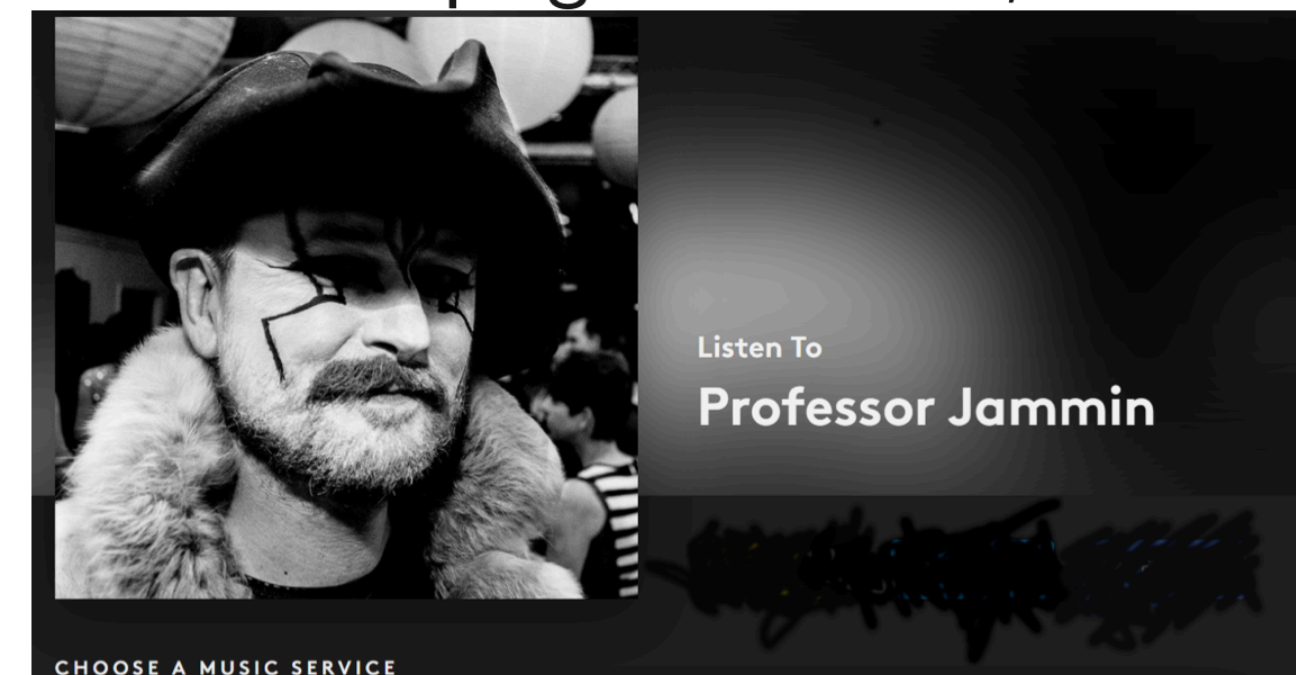

Not forgetting citations

New results

Good food

Finding out cool things about our colleagues

Many people behind the scenes

Admir Greljo

Aoife Bharucha

Carla Gobel Burlamaqui De Mello

Chris Parkes

Danny van Dyk

Dean Robinson

Guy Wilkinson

Lucia Grillo

Vanya Belyaev

Yasmine Sara Amhis

Scientific programme is divided in these streams:

1. **Mixing & CP violation**

- Federico Betti, Emmy Gabriel (LHCb)
- Matthew Kirk, Aleks Smolkovic (Theory)

2. **Flavour Changing Neutral Currents**

- Vitalii Lisovskyi, Titus Mombacher (LHCb)
- Claudia Cornella, Marco Fedele (Theory)

3. **Flavour Changing Charged Currents**

- Resmi Puthumanai, Davide Fazzini (LHCb)
- Clara Murgui, Bernat Capdevila (Theory)

4. **QCD spectroscopy and exotic hadrons**

- Elisabeth Niel, Dmitrii Pereima (LHCb)
- Raquel Molina, M. Padmanath (Theory)

5. **EW Physics & New Particles**

- Elena Dall'Occo, Menglin Xu (LHCb),
- Maeve Madigan, Ben Stefanek (Theory)

6. **Model Building for flavour physics**

- Conveners of streams 1, 2 & 3.

LHCb secretariat!

Another big thank you to the time and energy of everyone !

See you next year

The week of October 23, 2023 !
