

CEC/ICMC 2023 Abstracts & Technical Program

Monday 10 July 2023

M1Po2A: Insulation/Conduction, Resin, and Impregnation II - Exhibit Hall III, Level 1 (14:00 - 16:00)

-Conveners: Nassos Spetsieris; Jonathan Demko

[id] title	presenter	board
[648] M1Po2A-04: Experimental and numerical study on thermoelastic properties of epoxy composites filled with zirconium tungstate powder at low temperatures	Ms ZHANG, Yameng	
[255] M1Po2A-01: Influence of surface structure of metal materials on radiation properties at cryogenic temperature	ZHAO, Yuchen
