

# The 19th Workshop of the LHC Higgs Working Group

## Monday, 28 November 2022

**Cross Topic Plenary: Discussion: recognition of junior members of the LHCHWG - 503/1-001 - Council Chamber (18:00 - 18:30)**

-Conveners: Fabrizio Caola; Liantao Wang; stefania gori; Gudrun Heinrich

time	[id] title	presenter
18:00	[105] Discussion	

# Tuesday, 29 November 2022

## Cross Topic Plenary: Part A - 500/1-001 - Main Auditorium (09:50 - 10:59)

-Conveners: Alexander Karlberg

time	[id] title	presenter
09:50	[94] Issues in single and double Higgs production in BSM models (15'+8')	SPIRA, Michael
10:13	[95] Double Higgs production in extended Higgs sectors (15'+8')	MÜHLLEITNER, Milada Margarete
10:36	[96] Top mass renormalization scheme uncertainties in Higgs cross sections (15'+8')	MAZZITELLI, Javier MAZZITELLI, Javier MAZZITELLI, Javier

# Wednesday, 30 November 2022

## Cross Topic Plenary: Part B - 30/7-018 - Kjell Johnsen Auditorium (14:00 - 15:30)

-Conveners: Ken Mimasu

time	[id] title	presenter
14:00	[97] LHC EFT WG report (15'+8')	GILBERT, Andrew
14:23	[98] Interpreting SMEFT results in extended scalar sectors (15'+8')	HOMILLER, Samuel
14:46	[99] SM and BSM Higgs - conclusions from the Snowmass process (15'+8')	VERNIERI, Caterina
15:09	[100] ECFA Higgs/Top/Electroweak - an overview (10'+4')	KOENEKE, Karsten
