Overall Progress

- The campaign has finished! 
 - No more scripts from our side (for the time being 😊)
 - Most sites have completed all scripts
 - A few lacked SPEC17 licences
- Thanks a lot for all the contributions!
 - Sites who finished may take their servers back into production
 - Results are still appreciated
 - Especially from sites that haven't finished
 - Follow-up emails per site will be sent 
 - Table including which CPUs lack entries
