

Session Program

12-14 Oct 2011

CHATS on Applied Superconductivity 2011

Session 3: Electromagnetics, Models and Methods

CERN, Salle Andersson
40-S2-A01

Friday 14 October

08:30

Session 3: Electromagnetics, Models and Methods

Session | Location: CERN, Salle Andersson, 40-S2-A01

08:30-09:00

Model for electromagnetic field analyses of assemblies of coated conductor considering their three-dimensional geometries

Speaker

Prof. Naoyuki Amemiya

09:00-09:30

Upscaling Method Applied to the Study of Superconducting Magnet Thermo-hydraulics

Speaker

Dr Herve Allain

09:30
