

Session Program

15-17 Dec 2022

NA61++/SHINE: Physics opportunities from ions to pions

Session B

CERN, 31/3-004 - IT Amphitheatre

Thursday 15 December

13:30

Session B

Session | **Location:** CERN, 31/3-004 - IT Amphitheatre | **Convener:** Marek Gazdzicki

13:30-13:50

Early ideas for strong interaction physics after Run 3

Speaker

Maja Katarzyna Mackowiak-Pawlowska

13:50-14:10

Phase transitions, chiral symmetries

Speakers

Elena Bratkovskaya, Elena Bratkovskaya

14:10-14:30

NA60++

Speaker

Enrico Scomparin

14:30-14:50

Atmospheric neutrino flux

Speakers

Giles Barr, Laurence Cook

14:50-15:10

T2K/HK beam-related physics

Speaker

Ken Sakashita

15:10
