

Session Program

15-17 Dec 2022

NA61++/SHINE: Physics opportunities from ions to pions

Session E

CERN, 31/3-004 - IT Amphitheatre

Friday 16 December

11:00

Session E

Session | **Location:** CERN, 31/3-004 - IT Amphitheatre | **Convener:** Seweryn Kowalski

11:00–11:20

Charm correlations

Speaker

Dr Leonardo Tinti

11:20–11:40

Studies of c - \bar{c} correlations

Speaker

Ivan Pidhurskyi

11:40–12:00

Resistive Micromegas and developments for Time Projection Chambers

Speaker

Guillaume Eurin

12:00
