

Session Program

15-17 Dec 2022

NA61++/SHINE: Physics opportunities from ions to pions

Session J

CERN, 31/3-004 - IT Amphitheatre

Saturday 17 December

11:10

Session J

Session | Location: CERN, 31/3-004 - IT Amphitheatre | Convener: Philip Von Doetinchem

11:10-11:30 Neutron Beam and Neutrino Physics with 3 GeV proton at MLF

Speakers

Shoichi Hasegawa, Shoichi Hasegawa

11:30-11:50 New T2K/HK target materials and flux simulations

Speaker

Dr Lucas Nascimento Machado

11:50-12:10 SuperK/HyperK non-beam physics

Speaker

Yusuke Koshio

12:10-12:50 Summary of the workshop and next steps

Speakers

Eric Daniel Zimmerman, Philip Von Doetinchem, Seweryn Kowalski, Yoshikazu Nagai

12:50
