

The 9th Asian Triangle Heavy-Ion Conference

ATHIC2023

April 24 - 27, 2023
JMS Aster Plaza, Hiroshima, Japan

Conference Topics

- Initial state and thermal equilibrium
- Jets and medium response
- Heavy quarks and quarkonia
- Electromagnetic probes
- Collective dynamics
- Correlations and fluctuations
- QCD phase diagram and extreme states
- QGP in small systems
- Intense field and vorticity
- Hadron interactions and exotics
- New theoretical developments
- Experimental techniques and future programs
