

***Where tomorrow's scientists meet.***

Swiss Young Naturalists' Tournament  
International Young Naturalists' Tournament

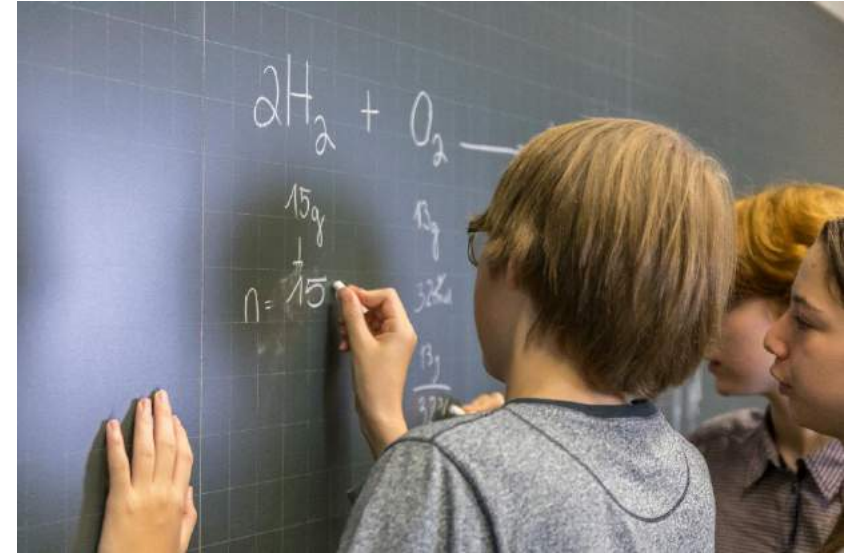

# SYNT / IYNT Problems

- Elastic Bones
- Fair Coin
- Atmospheric Electricity
- Baking Bread
- All roads lead to Rome

# Working on a Problem

- Literature research
- Try and error
- Quantitative measurement for a defined Parameter
- Theoretical Model **AND** Experiment
- Comparison Model vs. Experiment
- Documentation (Pictures, Videos, ...)
- Presentation

# SYNT

- Models a conference
  - Presentation, Discussion (& Review)
- Teams of two
- Own research project
- SYNT
  - Attractive program & prizes
- Preselection for the Swiss IYNT-team

# IYNT

- Taking place annually
- 6 Team members
- 23 Problems
  - 17 same as SYNT
- Attractive program
- All costs covered

# Science Workshop

- Experts supervision
- Get an idea of the basic theory
- Experimental investigation
- Structuring a report
- Opposition
- Get to know likeminded students
- Social activities
- Have Fun

# What one can learn

- Analysing complex problems
- Well structured presentation
- Scientific debates in English/German
- Give and receive critical feedback
- Teamwork
- Project management

# Experiences

- Establish connections to peers
- View into scientific research
- Pursue own project
- Continuation: Matura project, Swiss Youth in Science, IB...

# Questions ?
