

**Session Program**

**12-16 Mar 2007**

**3rd HERA and the LHC workshop**

***Parton density functions***

DESY Hamburg

## Tuesday 13 March

14:00

### Parton density functions

**Session** | **Location:** DESY Hamburg, Lab 1/Sem 4b (VRVS: Snow)

14:30–14:45

**Convenor's introduction****Speaker**

All convenors

14:45–15:20

**Report on the TeV4LHC workshop****Speaker**

Joey Huston

15:30–15:45

**coffee break**

15:45–16:05

**Perturbative NLO and NNLO parton evolutions in the small-x region****Speaker**

Christian Pisano

16:15–16:35

**QCD threshold corrections to di-lepton and Higgs rapidity distributions beyond NNLO****Speaker**

Jack Smith

16:45–17:05

**Nonsinglet global parton fit at NNLO****Speaker**

Alberto Guffanti

17:15–17:35

**New type of parameterization of parton distributions****Speaker**

Anatoli Kotikov

18:30
