

Session Program

18-23 Sept 2011

3rd-INCC

Session 13

Città del Mare, Terrasini - Palermo - Sicily - Italy

Friday 23 September

08:30

Session 13: Health Physics

Session | **Location:** Città del Mare, Terrasini - Palermo - Sicily - Italy, Paldini

08:30–08:50

Radiation protection relevant to Nuclear Chemistry in the light of recent International Recommendations

Speaker

Dr Jozef Sabol

08:50–09:05

TENORM accumulation and management in refineries

Speaker

Dr Enrico Rizzio

09:05–09:20

Decontamination of radioactive concrete in nuclear facilities by chemical separation method.

Speakers

Dr Shun Sekimoto, Mr Yuichi Tanimoto

09:20–09:35

Assessment of dose to the Irish population arising from anthropogenic radioactivity in the Irish marine environment

Speaker

Mr Kevin Kelleher

09:35–09:55

Measurements of the spatial distribution of each dose component in tissue exposed to an epithermal neutron beam for BNCT

Speaker

Prof. Grazia Gambarini

10:30
