

Session Program

18-23 Sept 2011

3rd-INCC

Session 4

Città del Mare, Terrasini - Palermo - Sicily - Italy

Monday 19 September

16:00

Session 4: Nuclear Chemistry and Radiochemistry

Session | Location: Città del Mare, Terrasini - Palermo - Sicily - Italy, Paladini

16:00-16:20

Assessment of actinides contamination in environmental and reactor structural samples by Accelerator Mass Spectrometry

Speaker

Prof. Filippo Terrasi

16:20-16:35

Tritium measurements in water springs on Mt. Etna Volcano

Speaker

Dr Roberto Catalano

16:35-16:50

Determination of the isotopic ratio U-236/U-238 in environmental samples

Speaker

Gabriele Wallner

17:30
