

Session Program

18-23 Sept 2011

3rd-INCC

Session 3

Città del Mare, Terrasini - Palermo - Sicily - Italy

Monday 19 September

14:30

Session 3: Radioanalytical Chemistry and Nanoparticles

Session | **Location:** Città del Mare, Terrasini - Palermo - Sicily - Italy, Paladini

14:30-14:50

Nanotoxicology research: a great opportunity for the radionanoanalytical chemist

Speaker

Enrico Sabbioni

14:50-15:10

Synthesis of molybdenum nanoparticle by in situ γ radiation

Speaker

Susanta Lahiri

15:10-15:25

Radioanalytical methods: tools in studies of thyrotoxic effects of excessive bromide and perchlorate ions

Speaker

Dr Stanislav Pavelka

15:30
