

## **Session Program**

**5-6 Sept 2022**

# **1st MONOLITH Workshop on silicon sensors for timing and their applications**

## ***Cryogenic applications***

University of Geneva, Rue de l'École de Médecine 20, 1205 Genève, Seminar room AEM-074  
Rue de l'École de Médecine 20, 1205 Genève

# Tuesday 6 September

14:00

## Cryogenic applications

### Session

**Location:** University of Geneva, Rue de l'École de Médecine 20, 1205 Genève, Seminar room AEM-074, Rue de l'École de Médecine 20, 1205 Genève

14:00-14:20

### EPFL AQUA Lab cryogenic projects

#### Speaker

Prof. Edoardo Charbon

14:20-14:40

### IHP PDK + models for cryogenic applications

#### Speakers

Dr Anton Datsuk, Holger Ruecker

14:40-15:00

### IDQuantique projects

#### Speaker

Dr Félix Boussières

15:00-15:40

### Discussion

16:20
