# Official Travel

---

- ❖ Traveldoo will be **decommissioned as of 1 September**
  - ❖ The CERN contract with Traveldoo was foreseen to end in December 2023, but due to financial difficulties, the company will stop progressively
- ❖ All transport requests for **official duty travel will be handled by CERN's travel agency, Carlson WagonLit (CWT)**
- ❖ Traveldoo will only remain accessible to update **traveller profiles** and to **check available flights and prices** until further notice

---

# 2FA

---

- ❖ The introduction of 2 Factor Authentication goes ahead for our group
  - ❖ Yubi-keys are in Yasemin's office if you have not yet collected them
- ❖ The **“2FA-anytime”** feature will be activated for the EP-SFT group's e-group. This implies:
  - ❖ every 12h for each browser session using the new CERN SSO the account holders would need to produce the 2FA
  - ❖ the old SSO as well as SSH access, mail fetching, etc. are not affected
- ❖ If no objections could be activated from tomorrow
