

Session Program

19-30 Sept 2022

2nd FCC Polarization Workshop

WP5

CERN, 13/2-005

Tuesday 20 September

15:30

WP5: 37/R-022

Session

15:30–15:55

Physics and operational requirements for monochromatization

Speaker

David d'Enterria

15:55–16:30

Measurement of monochromatization parameters

Speakers

Alain Blondel, Patrick Janot

18:30

Wednesday 21 September

15:30

WP5: 18/3-008

Session

15:30–15:55

Towards monochromatization optics

Speakers

Dr Angeles Faus-Golfe, Angeles Faus-Golfe

15:55–16:20

First draft optics

Speaker

Dr Hongping Jiang

16:20–16:45

Monochromatization with chromatic waist shift

Speaker

Pantaleo Raimondi

16:45–17:05

to be defined

18:30
