

Session Program

9-10 Mar 2006

Crystal Channeling Workshop

Thursday afternoon

CERN, 4-3-006

Thursday 9 March

14:30

Thursday afternoon

Session | Location: CERN, 304-1-001 A

14:30-15:00 **Fermilab Crystal collimation experiment in Tevatron**

Speaker

Nikolai Mokhov

15:00-15:30 **Possible interpretation**

Speaker

Dick Carrigan

15:30-16:00 **Simulation and interpretation of crystal collimation experiments**

Speaker

Valery Biryukov

16:00-16:30 **More on result interpretation**

Speaker

Alexander Taratin

16:30-17:00 **Coffee break**

17:00-17:30 **Particle reflection and direct channeling**

Speaker

Yuri Ivanov

17:30-18:00 **General discussion**

Speaker

Walter Scandale

18:00-18:30 **Summary and future plans**

Speakers

Nikolai Mokhov, Walter Scandale

19:00
