

## **Session Program**

**5-7 Dec 2022**

# **PulsRad 2022 - 1st Pulsed Radiation Measurement Workshop for Radiation Protection**

## ***Pulsed Radiation Measurement***

CERN, 80/1-001 - Globe of Science and Innovation - 1st Floor

# Tuesday 6 December

09:00

## **Pulsed Radiation Measurement**

**Session | Location:** CERN, 80/1-001 - Globe of Science and Innovation - 1st Floor

**09:00-09:20 Pulsed Radiation Measurement: ITER Roadmap**

**Speaker**

Giovanni Piazza

**09:20-09:40**

## **Pulsed Radiation Measurement: Dose Monitoring, Short introduction to GSI/FAIR**

**Speaker**

Ekaterina Kozlova

**09:40-10:00 Pulsed Radiation Measurement: ESS Roadmap**

**Speaker**

Ali Day

**10:00-10:20**

## **Pulsed Radiation Measurement: The need for radiation monitoring for clinical linacs at CHUV**

**Speaker**

Reiner Geyer

10:25

10:40

## **Pulsed Radiation Measurement**

**Session | Location:** CERN, 80/1-001 - Globe of Science and Innovation - 1st Floor

**10:40-11:00**

## **Pulsed Radiation Measurement: Early field emission detection at SLAC**

**Speaker**

Thomas Frosio

**11:00-11:20**

## **Pulsed Radiation Measurement: The Pandora-System at DESY: Part I: Pulsed Neutron, Part II: Pulsed Photons**

**Speaker**

Albrecht Leuschner

**11:20-11:40**

## **Pulsed Radiation Measurement: Online dose monitoring @SwissFEL: From Challenges to a classified safety system**

**Speaker**

Nick WALTER

**11:40-12:00**

## **Pulsed Radiation Measurement: Technical challenges**

12:00
