

Schedule and Logistics

5th Rucio Community Workshop

Eric Vaandering for the Organizing Committees — 10 November 2022

Previous Workshops

- 1st: March 2018 (CERN, Geneva) — delays due to exceptional snowstorm
- 2nd: February 2019 (Oslo) — went off without a hitch
- 3rd: March 2020 (Fermilab, Chicago) — people land and recalled immediately
- 4th: September 2021 (virtual) — odd schedule accommodates Asia, Americas
- 5th: Well, here we are. Welcome! Hopefully all will be well.

Coffee breaks and lunch

Just in back of the room.

We must make an effort to end on time since time is tight.

Requests for Speakers and Audience

Our time is very tight. Please do not interrupt during the talks.

Speakers will be given *5, 2, and 0 minute warnings*.

For “community” talks we will have time for 1-2 questions after the talk and perhaps some discussion time.

For “technical” talks, time is even tighter. Please hold all questions until the dedicated discussion slot. Or use Slack.

Please have your talks (PDF) uploaded 30 minutes prior to the start of your session. Session chair will advance slides for remote talks.

Rucio Workshop Slack Channel

For efficient communication during the event, you are encourage to use the dedicated Rucio workshop Slack channel (#workshop)

If you are not already part of the Rucio Slack team, to join the dedicated team click on this invitation link

You are encouraged to ask any questions you cannot ask of speakers there as well as discuss anything logistical

Live notes: <https://docs.google.com/document/d/1hIC5rnxer8UXiqQOMs-LyffhGXC47pLmsauVABN2I1A/edit?usp=sharing>

Agenda

Today AM: State of the Donkey & Community reports

Today PM: Technical talks (mix of Rucio and external projects)

Dinner!

Tomorrow AM: More technical talks

Tomorrow AM: More community reports

Lunch

Closing session: Adjourn around 2:30 to allow people to catch flights

Code of Conduct and Privacy

This is a fantastic community, so you shouldn't need to be reminded that we adhere to the CERN Code of Conduct (linked in the Indico agenda).

If you believe someone is violating the code of conduct, we ask that you report it to wlcg-rucio-workshop-conduct-reporting@cern.ch

All talks and sessions will be recorded. If you are a speaker and do not consent to being recorded, please contact the program committee ASAP.

Rucio Workshop Dinner

19:30 at the Borough, Dalton Square

Bus to Infirmary stop. May have construction at Common Market.

Wine and water provided, we may also provide some jugs of beer. You can also buy at the bar!

Shared appetizers, choice of main and dessert (should have pre-ordered — survey link circulated by email)

Local Organizing Committee

Matt Doidge
