

5th Rucio Community Workshop

Contribution ID: 1

Type: **not specified**

IVOA and beyond

Thursday 10 November 2022 16:00 (15 minutes)

1. A brief overview of what the International Virtual Observatory (IVOA) is and what it has achieved.
2. Describing work in progress looking at adapting IVOA services to include metadata from Rucio.
3. Exploring opportunities for the future, using the IVOA architecture as a model for other domains.
