The New Rucio WebUI (Remote)

Thursday 10 November 2022 14:15 (15 minutes)

The good old Rucio WebUI has served our community well over the last several years. However, it lacks the architecture, frameworks, and technologies to sustain it over the next decade. That's where the efforts to revamp the old WebUI step in. This talk discusses the plan, progress, and what the users can expect from the new Rucio WebUI.
