

Session Program

28 November 2022 to 2 December 2022

**CPOD2022 - Workshop on Critical Point and
Onset of Deconfinement**

Fluctuations - 2

Tuesday 29 November

17:00

Fluctuations - 2

Session | Location: | Convener: Volker Koch

17:00-17:20

Critical point particle number fluctuations from molecular dynamics

Speaker

Volodymyr Kuznietsov

17:20-17:40

System size dependence of strangeness production from NA61/SHINE

Speaker

Piotr Podlaski

17:40-18:00

Baryon annihilation and multiplicity dependence of p/pi and light nuclei ratios

Speaker

Volodymyr Vovchenko

18:00
