

Session Program

28 November 2022 to 2 December 2022

**CPOD2022 - Workshop on Critical Point and
Onset of Deconfinement**

Critical Point - 1

Tuesday 29 November

19:40

Critical Point - 1

Session | Convener: Claudia Ratti

19:40–20:00 **Searching for the QCD critical point using Lee-Yang edge singularities**

Speaker

David Clarke

20:00–20:20

Equilibrium expectations for non-Gaussian fluctuations near a QCD critical point

Speaker

Jamie Karthein

20:20–20:40

Dynamics and freeze-out of non-Gaussian fluctuations of hydrodynamic densities

Speaker

Maneesha Sushama Pradeep

20:40
