

Session Program

28 November 2022 to 2 December 2022

**CPOD2022 - Workshop on Critical Point and
Onset of Deconfinement**

Critical Point - 2

Wednesday 30 November

19:30

Critical Point - 2

Session | Convener: Jan Martin Pawłowski

19:30–19:50

Fluctuations in the mixed phase of the first order phase transition and nucleus-nucleus collisions

Speaker

Roman Poberezhnyuk

19:50–20:10

Fate of critical fluctuations in an interacting hadronic medium

Speaker

Jan Hammelmann

20:10–20:30

Exploring the criticality of QCD matter with effective field theory for fluctuating hydrodynamics

Speaker

Noriyuki Sogabe

20:30
