

Session Program

19-21 Oct 2022

Past, present, and future of VBF

Parton shower in VBF

CERN, 40/S2-B01 - Salle Bohr

Thursday 20 October

09:00

Parton shower in VBF: Parton shower in VBF

Session | Location: CERN, 40/S2-B01 - Salle Bohr

09:00–09:35

Limiting components of theoretical uncertainties in current VBF Higgs ATLAS measurements

Speaker

Ana Rosario Cueto Gomez

Location

CERN, 40/S2-B01 - Salle Bohr

09:45–10:20

Limiting components of theoretical uncertainties in current VBF Higgs CMS measurements

Speaker

Raffaele Angelo Gerosa

Location

CERN, 40/S2-B01 - Salle Bohr

10:30–11:00

Coffee break

11:00–11:20

Electroweak corrections and shower effects to Higgs production in association with two jets at the LHC

Speaker

Johannes Scheller

Location

CERN, 40/S2-B01 - Salle Bohr

11:30–12:15

Parton shower and VBF, an overview

Speaker

Christian Preuss

Location

CERN, 40/S2-B01 - Salle Bohr

12:30
