

UCLA Dark Matter 2023

Wednesday, 29 March 2023 - Saturday, 1 April 2023

UCLA

Scientific Programme

Axions, Alps, Wispes as dark matter

Dark matter searches at accelerators

Dark matter theory

Non-directional direct dark matter detection

Directional direct dark matter detection

Sterile neutrinos as dark matter

Dark matter and structure in the Universe

Indirect dark matter detection

Primordial Black Holes as dark matter

Dark energy
