

Nicolas Angelides
DMUK 22nd September 2022
Imperial College

What is happening this year?

STFC:

“Looking at a **national event (hosted at RAL, Boulby and Edinburgh)** in the evening of 31 October (Monday). We’d thought of a kind of ask-me-anything, with short talks and a tour of Boulby in the middle, running 18:00-19:30.”

Details tbc.

Could we have more satellite events?

What I want to deliver this year: DMUK Colouring Book

- Inspired by [ATLAS equivalent](#)
- Younger target audience
- Cheap and easy to distribute
(10-15 pages, black and white)

n.angelides@imperial.ac.uk

Send me ideas, sketches and or
recommendations. Also accepting help
with sketches

Hello there!

Other useful things to keep in mind

- [Spark awards](#) (£15,000) - Closing date: 20 October 2022
- Other open calls or collaboration opportunities:
 - [Science Gallery](#) - DM exhibition open call just closed
 - Local astronomy amateur groups, camping festivals, local outreach coordinators etc.

Thank you
