

International Conference on Quantum Technologies for High-Energy Physics (QT4HEP22)

Wednesday, November 2, 2022

Quantum Communication & Networks - 500/1-001 - Main Auditorium (3:00 PM - 6:00 PM)

-Conveners: Alberto Di Meglio

time	[id] title	presenter
3:00 PM	[21] Towards the Quantum Internet: challenges, trends and perspectives	CACCIAPUOTI, Angela Sara
3:30 PM	[23] Quantum Networking from a Network Operator and Service Provider Perspective	SMETS, Rob
4:00 PM	[20] Quantum Communication and Quantum Computing in NREN perspective - PSNC activities	RYDLICHOWSKI, Piotr
4:30 PM	Coffe break	
5:00 PM	[19] State-of-the-art and current challenges/hot topics of quantum communications	Prof. TITTEL, Wolfgang
5:30 PM	[22] Dissemination of high accuracy optical frequencies in stabilized fibre optic networks	Dr HUSMANN, Dominik
