

## Session Program

10-14 Oct 2022

## **BSM<sup>2</sup> - Beyond the Standard Model BrainStorming Meeting**

***Probing new physics through gravitational  
wave measurements:  $W$  mass anomaly,  
dynamical electroweak symmetry breaking  
and neutrino mass models***

University of Aveiro - Rectory Building

## Thursday 13 October

15:30

16:30

### **Probing new physics through gravitational wave measurements: $W$ mass anomaly, dynamical electroweak symmetry breaking and neutrino mass models**

**Session** | **Location:** University of Aveiro, Rectory Building, Sala de Reuniões e Tradução | **Convener:** Roman Pasechnik
