

Session Program

24-27 Apr 2023

AIDAinnova 2nd Annual meeting

Academia Meets industry Event - Invited talks

Valencia
ADEIT and CSIC

Thursday 27 April

11:00

Academia Meets industry Event - Invited talks

Session | **Location:** Salón de Actos - Ground floor

11:00-11:10

Welcome introduction by Paolo Giacomelli

Speakers

Paolo Giacomelli, Paolo Giacomelli

11:10-11:40

Challenges for advanced mechanics and cooling in High Energy Physics - CERN

Speaker

Burkhard Schmidt

11:40-12:10

ITER TF coils and Radial Plates advanced manufacturing - SIMIC

Speaker

Paolo Barbero

12:10-12:40

Experience for the diagnostic and sensors for fusion applications - F4E

Speaker

Benoit Brichard

12:40-13:10

Cabling production of massive SC conductors and process control - Criotech

Speaker

Marco Roveta

13:10-13:40

The carbon fibre structures for the ATLAS inner detector upgrade - AVS/Scientifica

Speaker

Miguel Carrera

13:40

15:00

Academia Meets industry Event - Invited talks

Session | **Location:** Salón de Actos - Ground floor

15:00-15:30

The Spanish science industry - INEUSTAR

Speaker

Erik Fernández

15:30
