Professional Physicists Panel

Sunday 18 June 2023 15:00 (1h 15m)

Panel with Dr. Ania Harlick, Dr. Henry Shum, Dr. Nomaan X, Dr. Sabrina Leslie, and Dr. Sanjeev Seahra

Life as a physicist can take you many directions; just in academia, there are many different fields and positions one might end up in. On this panel, we hear about physicists of many walks of life and different stages of their careers for some insight of what the future might hold for you as a physicist, and the obstacles that may come. The panelists range from postdoc to head of department; a broad scope that should cover everyone's interest! The panelists will introduce themselves along with their careers, and then participants will have the chance to ask questions to the panelist(s) of their choice.

This is a COVID-safe event; all participants must wear a face mask.

Session Classification: Professional Physicists Panel and Graduate Student Workshop | Panel de physiciens professionnels et atelier pour les étudiants diplômés
