## The quantum computing stack

*Tuesday 20 June 2023 14:10 (10 minutes)*

The quantum computing stack is the sequence of transformations that must be performed for the high-level description of a quantum algorithm to be executed on a (concrete or hypothetical) quantum computer. In this talk I will discuss old and new developments in the field and comment on the role that the quantum stack can play in the advent of practical quantum computing.

### Keyword-1

quantum

### Keyword-2

technology

### Keyword-3

**Primary author:** Dr ROSS, Julien (Dalhousie University)

**Presenter:** Dr ROSS, Julien (Dalhousie University)

**Session Classification:** (DPE/CAP) T3-8 Q-STATE: Quantum Science, Technology, Applications, Training, and Education | Science, technologie, applications, formation et éducation quantiques (DEP/ACP)

**Track Classification:** Symposia Day (Tues. June 20) / Journée de symposiums (mardi, le 20 juin): Symposia Day (DPE/CAP - DEP/ACP) - Q-STATE: Quantum Science, Technology, Applications, Training, and Education | Science, technologie, applications, formation et éducation quantiques
