## Quantum City: addressing quantum industry's needs with new talent development programs

*Tuesday 20 June 2023 15:55 (20 minutes)*

The University of Calgary has formed a strategic partnership with the Government of Alberta, and Mphasis, an information technology company, to establish Quantum City. One of the main goals of the Quantum City initiative is to create new talent development programs, to attract talent, researchers, and students to Calgary. In this spirit, the University of Calgary has launched the first-ever professional master's in quantum computing: a 12-month program, with 8 months in class and a 4-month internship.

### Keyword-1

quantum

### Keyword-2

technology

### Keyword-3

**Primary author:** Prof. SCANDOLO, Carlo Maria (University of Calgary)

**Presenter:** Prof. SCANDOLO, Carlo Maria (University of Calgary)

**Session Classification:** (DPE/CAP) T4-8 Q-STATE: Quantum Science, Technology, Applications, Training, and Education | Science, technologie, applications, formation et éducation quantiques (DEP/ACP)

**Track Classification:** Symposia Day (Tues. June 20) / Journée de symposiums (mardi, le 20 juin): Symposia Day (DPE/CAP - DEP/ACP) - Q-STATE: Quantum Science, Technology, Applications, Training, and Education | Science, technologie, applications, formation et éducation quantiques
