

2023 CAP Congress / Congrès de l'ACP 2023

Tuesday 20 June 2023

(DPP) T1-2 Plasma Physics Symposium I | Symposium de physique des plasmas I (DPP) - UNB Kinesiology (08:30 - 10:15)

-Conveners: Stephan Reuter; Ahmad Hamdan

time	[id] title	presenter
08:30	[3619] (I) Synthesis and characterization of oxide materials	CHAKER, Mohamed
09:00	[4044] (I) Production of nanomaterials by pulsed electrical discharges in and at the interface of two liquids	Prof. HAMDAN, Ahmad
09:00	[3915] WITHDRAWN (I) Plasma Assisted Advanced Surface Engineering: A Synopsis of Plasmionique's Collaborative R&D	Dr SARKISSIAN, A
09:30	[3695] (I) Challenges of thin film deposition by coupling a pulsed direct liquid injector and a dielectric barrier discharge	CACOT, Laura
10:00	[3801] (G*) N-Incorporation in Monolayer CVD Graphene by an Atmospheric Pressure $\square\square$ Dielectric Barrier Discharge	Mr MODÉRIE, Charles
