

Session Program

5-8 Dec 2022

Joint Accelerator Performance Workshop

Session 9: Main points and follow-up

CERN, 30/7-018 - Kjell Johnsen Auditorium

Thursday 8 December

16:50

Session 9: Main points and follow-up

Session | **Location:** CERN, 30/7-018 - Kjell Johnsen Auditorium | **Conveners:** Rhodri Jones, Brennan Goddard

16:50–17:00 Accelerator and client view by beam (5' + 5')

Speakers

Bettina Mikulec, Nikolaos Charitonidis

17:00–17:10 LIU Proton Beams for the LHC (5' + 5')

Speakers

Hannes Bartosik, Stephane Fartoukh

17:10–17:20 Accelerator performance: LHC (5' + 5')

Speakers

Matteo Solfaroli Camillocci, Dr Roderik Bruce

17:20–17:30 Equipment availability and efficiency improvements (5' + 5')

Speakers

Chiara Pasquino, Giulia Papotti

17:30–17:40 Beam related issues throughout the complex (5' + 5')

Speakers

Alexandre Lasheen, Eva Barbara Holzer

17:40–17:50 Efficiency, reliability & tools across the complex (5' + 5')

Speakers

Alexander Huschauer, Verena Kain

17:50–18:00 Outlook and roadmap for Run3 and Run4 (5' + 5')

Speakers

Johannes Bernhard, Reyes Alemany Fernandez

18:00–18:10 Concluding remarks

Speakers

Brennan Goddard, Rhodri Jones

18:10
