

(Re)interpretation of the LHC results for new physics

Tuesday, 13 December 2022

Discussion session: publishing statistical models - 6/R-012 - conference room (14:00 - 16:30)

-Conveners: Matthew Feickert

time	[id] title	presenter
14:00	[42] Publishing Statistical Models Overview	FEICKERT, Matthew
14:15	[43] Open Statistical Models : CMS Viewpoint	MARINI, Andrea Carlo
14:35	[48] Reproducing a CMS higgsino search from public data	FORD, William
14:55	[45] Statistical Model Conversion between HistFactory and CMS Combine	HELD, Alexander SKOVPEN, Kirill
15:35	coffee & tea break	
15:55	[44] High Energy Physics Statistics Serialization (HS3)	Dr BURGARD, Carsten REMBSER, Jonas

Discussion session: publishing analysis code - 6/R-012 - conference room (16:30 - 17:30)

-Conveners: Andy Buckley

time	[id] title	presenter
16:30	[53] ATLAS SimpleAnalysis	Dr STARK, Giordon Holtsberg HANCE, Mike
17:00	[54] General analysis-code discussion	BUCKLEY, Andy

Discussion session: extra time - 6/R-012 - conference room (17:30 - 18:30)

-Conveners: Matthew Feickert; Andy Buckley

Wednesday, 14 December 2022

Discussion session: orthogonal phase space slicing for searches - 6/R-012 - conference room (14:20 - 15:30)

-Conveners: Lukas Alexander Heinrich

time	[id] title	presenter
14:20	[56] The big picture	HEINRICH, Lukas Alexander
14:40	[57] Overlap handling	DADO, Tomas
