

11th Edition of the Large Hadron Collider Physics Conference

Wednesday, 24 May 2023

Joint (QCD+Flavour) - THE ARISTOTLE ROOM 3 (11:30 - 13:30)

-Conveners: Lydia Audrey Beresford; Simone Marzani; Olcyr Sumensari; Maria Smizanska; Fabrizio Grosa; Achim Geiser; James Mulligan; Nathan Philip Jurik; Liupan An; Henning Kirschenmann

time	[id] title	presenter
11:30	[216] Charm and beauty production cross sections and fractions	CATALANO, Fabio
11:47	[217] Quarkonium production cross section and polarisation	Dr RAKOTOZAFINDRABE, Andry
12:04	[218] Investigating the strong interaction between hadrons and light nuclei with femtoscopy and hypernuclei measurements (ALICE)	DEL GRANDE, Raffaele
12:21	[219] Theoretical models for exotic heavy-flavour hadrons	Prof. GUO, Feng-Kun
12:38	[220] Rare or exotic light and heavy four-muon resonances at CMS	POLIKARPOV, Sergey
12:55	[221] Hadron spectroscopy at LHCb	CAPRIOTTI, Lorenzo
13:12	[329] Jet measurements in pp collisions from ATLAS	ZAPLATILEK, Ota
