

TWEPP-07 Topical Workshop on Electronics for Particle Physics

3-7 September 2007

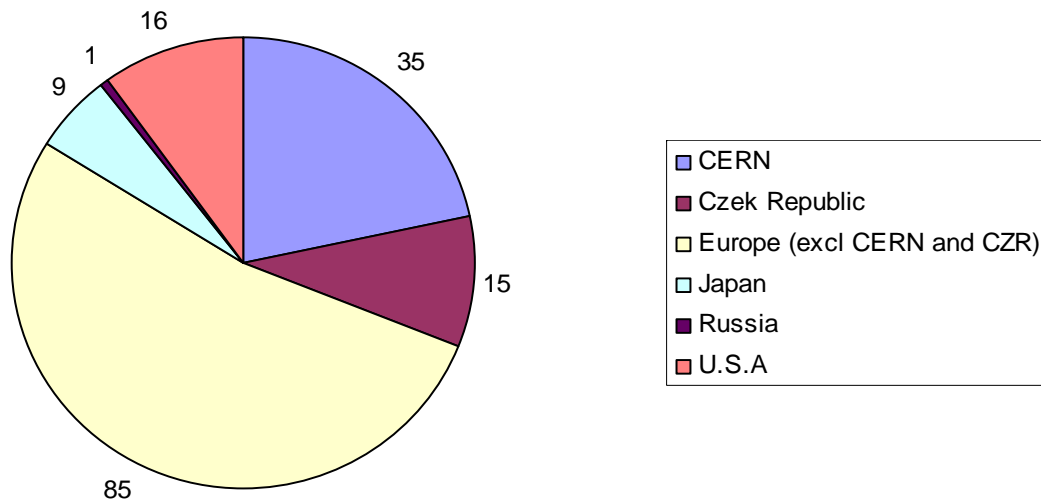

Prague

WELCOME

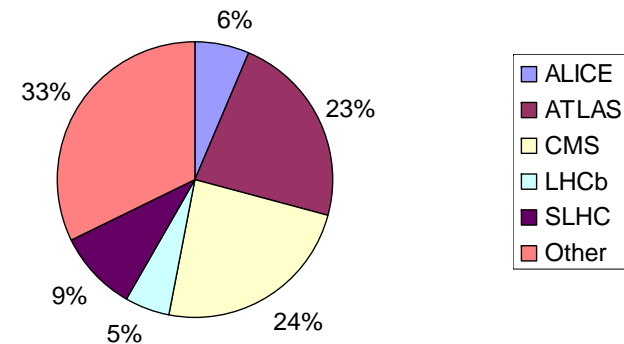

- 161 participants
- 87 presentations (59 oral 28 poster)
- 10 invited talks
- Topical day on detector power supply and distribution
- Tutorial on Robust ASIC designs for hostile environments
- Proceedings
 - authors please give your manuscript and copyright form to Sandra Claude before the end of the workshop, or before Friday 28 Sep.

Some statistics
