

TWEPP-07 Topical Workshop on Electronics for Particle Physics

Tuesday, 4 September 2007

Parallel session A2 - Optoelectronics (14:15 - 15:55)

time	[id] title	presenter
14:15	[87] Radiation-Hard Optical Link for SLHC	Prof. GAN, K.K.
14:40	[91] Optical absorption in commercial single mode optical fibers induced by gamma rays and complex radiation fields	Dr WIJNANDS, Thijs
15:05	[92] Quality Control of the CMS Tracker and ECAL Installed Optical Cabling	RICCI, Daniel
15:30	[103] Joint ATLAS-CMS working group on optoelectronics for SLHC: Status Report	VASEY, Francois
