

TWEPP-07 Topical Workshop on Electronics for Particle Physics

Thursday, 6 September 2007

Topical 2: Detector Power Supply and Distribution 2 (11:00 - 13:05)

time	[id] title	presenter
11:00	[89] The CMS Low Voltage System	Dr LUSIN, Sergei
11:25	[82] The implementation of the power supply system of the CMS silicon strip tracker	Dr PAOLETTI, Simone
12:15	[114] Power distribution for SLHC trackers: challenges and solutions	WEBER, Marc
12:40	[75] Serial Powering of Silicon Sensors	Dr VILLANI, Giulio
