

Injector MDs week 45

A. Huschauer and B. Salvant

FOM 08.11.2022

Injector MDs

Last week

- Short parallel MDs in PSB and PS
- Last dedicated MD in SPS:
 - Crystal shadowing from LSS4
 - LHC BCMS beam

This week

- Dedicated Linac3 MD on Thursday morning (8h-12h30)
- Short parallel MDs in PSB and PS
- Short parallel MDs in SPS on Thursday and Friday. **Many thanks to OP and physics coordinator for Friday's MD slot!**

Next week

- Long parallel MD on Wednesday

Next weeks:

- 1 short parallel MD (largely overbooked)
- 1 long parallel MD slot
