

Session Program

26-28 Mar 2007

**Flavour in the era of the LHC, final meeting
(VRVS for all sessions: virtual room Einstein)**

Session 4

CERN

Tuesday 27 March

13:30

Session 4

Session | Location: CERN, Main auditorium

13:30-14:15 Flavour in BSM

Speaker

Yuval Grossman

Location

CERN, Main auditorium

14:15-14:45

Status and prospects for the detection of new physics at the Tevatron

Speaker

Fabrice Couderc

Location

CERN, Main auditorium

14:45-15:30 Prospects for the observation of new physics at the LHC

Speaker

Tracey Berry

Location

CERN, Main auditorium

15:30-16:00 Prospects for flavour studies at the ILC

Speaker

Ulrich Martyn

Location

CERN, Main auditorium

16:00-16:30 Coffee break

16:30-17:00 BSM and flavour in the lepton sector

Speaker

Stephen King

Location

CERN, Main auditorium

17:00-17:30 EDMs, status and prospects

Speaker

Rob Timmermans

Location

CERN, Main auditorium

17:30-18:00 Probing flavour with neutrinos

Speaker

Concha Gonzalez-Garcia

18:30

Location

CERN, Main auditorium
