

Session Program

26-28 Mar 2007

**Flavour in the era of the LHC, final meeting
(VRVS for all sessions: virtual room Einstein)**

Session 6

CERN

Wednesday 28 March

14:00

Session 6

Session | Location: CERN, Main auditorium

14:00-14:45

The LHC heavy flavour programme

Speaker

Tatsuya Nakada

14:45-15:15

The physics potential of an e+e- superB factory

Speaker

Achille Stocchi

15:15-15:45

Status of the KEK superB project

Speaker

Katsunobu Oide

15:45-16:15

Coffee break

16:15-16:45

Status of the linear superB project

Speaker

Marcello Giorgi

16:45-17:30

The physics potential of the LHCb high-lum upgrade

Speaker

Sheldon Stone

17:30-18:00

Discussion and conclusions

19:00
