

Course on Light-Cone Techniques applied to QCD

Report of Contributions

Contribution ID: 1

Type: **not specified**

Basics of Light-Cone Perturbation Theory I

Monday, 21 November 2022 11:00 (1h 30m)

Presenter: BEUF, Guillaume

Contribution ID: 2

Type: **not specified**

Basics of Light-Cone Perturbation Theory II

Monday, 21 November 2022 16:30 (1h 30m)

Presenter: BEUF, Guillaume

Contribution ID: 3

Type: **not specified**

Basics of Light-Cone Perturbation Theory III

Tuesday, 22 November 2022 11:00 (1h 30m)

Presenter: BEUF, Guillaume

Contribution ID: 4

Type: **not specified**

Basics of Light-Cone Perturbation Theory IV

Tuesday, 22 November 2022 16:30 (1h 30m)

Presenter: BEUF, Guillaume

Contribution ID: 5

Type: **not specified**

Mesons on the light front I

Wednesday, 23 November 2022 12:00 (1h 30m)

Presenter: LI, Meijian (University of Jyväskylä)

Contribution ID: 6

Type: **not specified**

Application of LCPT to Small-x Physics I

Wednesday, 23 November 2022 16:30 (1h 30m)

Presenter: ALTINOLUK, Tolga

Contribution ID: 7

Type: **not specified**

Application of LCPT to Small-x Physics II

Thursday, 24 November 2022 12:00 (1h 30m)

Presenter: ALTINOLUK, Tolga

Contribution ID: 8

Type: **not specified**

Application of LCPT to Jet Quenching I

Thursday, 24 November 2022 16:30 (1h 30m)

Presenter: DOMINGUEZ, Fabio (IGFAE)

Contribution ID: 9

Type: **not specified**

Application of LCPT to Jet Quenching II

Friday, 25 November 2022 10:00 (1h 30m)

Presenter: DOMINGUEZ, Fabio (IGFAE)

Contribution ID: **10**

Type: **not specified**

Mesons on the light front II

Friday, 25 November 2022 16:30 (1h 30m)

Presenter: LI, Meijian (University of Jyväskylä)
